LETTER OF TRANSMITTAL

DEPARTMENT OF THE STATE AUDITOR,
RALEIGH, N. C., December 1, 1920.

To His Excellency, T. W. BICKETT,
Governor of North Carolina.

SIR:—I have the honor to hand you herewith Report of the Department of the State Auditor for twelve months, commencing December 1, 1919, and ending November 30, 1920, showing the financial transactions and conditions of the State for this period.

As the State Auditor pays the salaries of the officers and employees of the State it might not be out of order to call attention to some facts in this connection.

The Legislature of 1907 adjusted or rather revised the salaries of certain State officials, among them the Constitutional officers of the State (that is those composing the Council of State). These salaries have not been changed since. Under the Constitution of this State the compensation of a Constitutional officer of the State may not be changed during his term of office.

The Governor, the Lieutenant Governor, the Secretary of State, the State Auditor, the State Treasurer, the State Superintendent of Public Instruction, and the Attorney-General, are all Constitutional officers, sharing alike the responsibility for the proper conduct of affairs of the Executive Departments of the State Government.

Since 1907 the salary of the Governor has been increased from $4,000 to $6,500 per year, with an extra allowance of $600 per year for traveling expenses, making a total of $7,100 per year. The salaries of the other officers are the same they were drawing twelve years ago, while their duties, their responsibilities, and the cost of living have more than doubled during this period.

The present salaries were fixed by law before this country went into war, and since that time there has been no opportunity to make effective any change, as their term of office extends from before the declaration of war in 1917, to January, 1921. The period just before

92138

the war, the duration of the war, and the time since then, have been trying times to everyone, especially those working on a salary, and as retiring State Auditor I feel that I am not only qualified to speak, but am privileged to suggest and urge a serious consideration of this matter of salaries for the Constitutional officers of this State.

Unless the salaries of these officers are adjusted before being sworn in the incoming officers will only receive the old rate of salary, as their salaries cannot be affected during an official term, and it would certainly reflect discredit upon the State if the incoming officers are not provided with a decent living salary, and one in keeping with the dignity and responsibility of the office.

Respectfully submitted,

W. P. Wood

State Auditor.
